

BAYCC COMMUNITY NEWSLETTER

The first issue

Dear readers,

We are happy to present the first issue of the BAYCC Community Newsletter. As part of publicity efforts, we hope to engage BAYCC members with community-related news. The newsletter will publish information about upcoming events, reports of past events, and our cultural and socially valued news in the Bay Area. We encourage all our readers to contribute to the newsletter with information that you would like to share and as well your articles on culture and arts. You are welcome to write your interesting news report, thought-provoking articles, and poems both in Turkish and English languages.

In our upcoming issue, we will have interviews with leading personalities of our community in the Bay Area, to know more closely about their achievements. We will also have articles on interesting facts about the Bay Area. We are happy to invite everyone who would like to be part of the editorial and technical team to the newsletter publication.

Bu yıl hedefimiz 100K match geliri elde etmek.

Bu konuda sizlerden istirhamımız kendiniz ve aile üyeleriniz ile birlikte çevremizde tanıdığımız en az 10 kişiyi vakfımıza yardım konusunda teşvik etmemiz.

✳️ Kampanyaya katılım şartları: Facebook hesabı olmak ve 18 yaş üstü olmak.

Prayer rugs for inmates

On the 29th of October, 2022 Pacifica Institute in Bay Area California hosted an event as part of Compassion Week. Lady volunteers of Pacifica Institute and Los Altos United Methodist Church joined hands to prepare Muslim prayer rugs, which are going to be supplied to Muslim inmates, incarcerated in Santa Clara County Correctional Facilities. Participants used cutting tools and measurement devices to bring up prayer rugs of specific size and shape from fabric. The supply material also includes books on spirituality. Organizers hope the prayer rugs are going to help strengthen the faith and spirituality of inmates.

Building a playhouse with Habitat for Humanity

As part of Compassion Week, the Pacifica Institute Bay Area on 29th October has hosted a building children's playhouse event for the Habitat for Humanity organization. Pacifica Institute and BAYCC as part of its civic engagement afford, regularly take part and also initiate social upliftment projects.
